RSPHERE TECH
Solving Real Problems
IAAS SERVICES:

NVIDIA - GPU Servers: H100 & H200 Cloud GPU powers services for machine learning and graphics-intensive tasks with high-speed processing.

Dedicated Web Hosting Server: Host your website/web applications at high speed on our dedicated Web Hosting Servers.

Video-Streaming & OTT servers: Ensure uninterrupted high definition video play across millions of users worldwide.

Dedicated Application Servers: Make any application (ERP, CRM, SAP) cloud-enabled by moving your office server data to a cloud server with access on any device.

Tally on the Cloud:
- Access to Tally with hourly data backups and 24/7 support.
- Tally partners can launch their own Tally on Cloud services.

TSPlus & TSPrint:
- TSPlus enables access to Windows applications.
- TSPrint resolves remote printing challenges.

VDI and RDS: Setup your workstation infrastructure using thin client + VDI/RDS setup in cloud with secure backups and unlimited storage.

SAP IMPLEMENTATION SERVICES:

SAP Application Managed Services: We offer comprehensive SAP Application Managed Services to help businesses streamline operations, reduce costs and maximize the value of their SAP investments.

- Regular Maintenance and Patching
- Backup and Disaster Recovery
- Incident Management and Resolution
- Performance Optimization
- 24/7 System Monitoring
- User Support and Training

Consulting Advisory Services: We offer comprehensive consulting and advisory services to help businesses with SAP implementation, system optimization and strategic guidance for complex SAP challenges.

- Strategic Planning and Road mapping
- Business Process Optimization
- Solution Design and Architecture
- Risk Assessment and Mitigation
- Change Management and Training
- Continuous Improvement and Support
- Performance Optimization

SAP IMPLEMENTATION SERVICES:

On-Shore/Off-shore Staffing Model: We offer a variety of flexible engagement models to deliver high-quality solutions while optimizing costs and maximizing value. We can deliver complete projects from initiation to implementation or provide specific resources to augment your delivery team.

Statement of Work (SOW) services provide the flexibility to engage our team for specific projects on a contractual basis.

Staff Augmentation services for your existing teams with skilled SAP professionals on a temporary or long-term basis. Seamlessly scale your team with experienced SAP consultants and developers for projects, temporary gaps or peak demand.

Benefits

- Risk Mitigation
- 24/7 Support
- Scalability
- Skilled Professionals
- Flexible Engagement Models
- Cost-Effective Solutions
